

# Epic Gardens

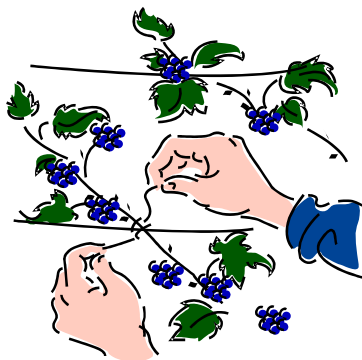

## Summer Camp for Grown Ups *Sustainability is a way of life.*

### Mission:

Epic Gardens will provide a place for people of all ages to explore and experience the actual work of furthering a sustainable lifestyle, starting around the table and moving into the garden and the marketplace.

**Envision** an evening gathering of likeminded seekers. We begin with a light supper of fresh and locally produced foods. We talk about what we are going to do and how and why we are doing it. Then we go do it!

**The Garden** will determine what will be done each week, and the reason for what we do drives the lesson. Here are some of the possibilities:

- 🍷 Building a trellis of natural materials
- 🍷 Planting seeds
- 🍷 Transplanting plants
- 🍷 Maintaining a bed
  - 🍷 Mulching and Weeding
  - 🍷 Watering and Feeding
  - 🍷 Making Compost
- 🍷 Harvesting a crop, including post-harvest handling tips

We'll close the gathering with reflections on our work, what has been learned and how it can be applied in each of our lives.

- 🍷 We'll meet for 6 weeks, on Wednesday evenings starting July 8 from 6 o'clock 'til 8 or 8:30.
- 🍷 Rain or shine! If it rains, we'll be indoors and work on a garden plan.
- 🍷 Cost for the series is \$100 per person (limited to 8).

### What next?

The next series will focus on planning and planting a fall garden that will produce in winter. In winter, we'll have a short series (with hot homemade soup and bread for supper) on planning the spring garden, a joyful winter activity!

To sign up, visit [EpicGardens.com](http://EpicGardens.com) or call (804) 272-0725.
